To: ccfsr@interpol.int

Dear Sir or Madam,

On behalf of Asylum Research & Global Assistance (ARGA), please find attached our expert contribution concerning the reconciliation of confidentiality restrictions under Article 35(3) of the Statute of the Commission for the Control of INTERPOL's Files with the requirement to provide reasoned decisions under Article 38(3).

ARGA respectfully acknowledges that the formal deadline for the fourth call for contributions was 16 August 2026. Given the ongoing review of the CCF Statute and the forthcoming CPD consideration of Articles 35(3) and 38(3), we would be grateful if the enclosed contribution could still be considered, should this remain procedurally possible.

Should consideration within the fourth call no longer be possible, we respectfully invite the General Secretariat to retain the paper as ARGAs expert contribution to the ongoing review of the CCF Statute and for consideration at any subsequent relevant stage of the review process.

We remain available should any further information or clarification be required.

Yours faithfully,

--
